

VIENNA CLARINET CONNECTION

„every tone made by these clarinets sounds like a
declaration of love to the audience.“

Die Welt

Mozart & More

Relating to his “Adagio” for clarinet and three bassethorns Mozart wrote in a letter to his publisher: “Finally I’ve found a wind ensemble that is absolutely qualified to compete with any string quartet!” He was fascinated by the warm and dark sound of clarinets and loved especially bassethorns.

Starting at this point, the vienna clarinet connection
accompanies you on a musical journey through the centuries.

Program
